How can we talk about Maths?

Maths Out and About

Look out for shapes and patterns

Measure
How long..?
How tall..?

Tell the time
How much longer…
How long did it take?

Compare
Which is tallest…
shortest..
heaviest..

Estimate

Set challenges and solve problems

Make it fun!

Spot numbers all around

Swimming pool

Estimate how many people are in the pool altogether?

How many are wearing swimming hats?

How many lilos/ balls/floats are there?

Are there more boys or more girls in the pool?

How many adults are on the side of the pool?

What shapes can you see in the building?

How far can you swim under the water/on your back?

How long do you think the pool is? How many lengths or widths can you swim? How far is that in metres?
